

“Every member of the crew has done an outstanding job in pulling this project together. If I could do it again, the only thing I would do differently would be to get ECI involved earlier in the process. I look forward to working with you on future projects.”

*Matt Lillis
Ben & Jerry's*

“The project team's ability to maintain such a high level of excellence project after project is impressive, and is a testimonial to their leadership capability and character.”

*George Salg
PBM Nutritionals*

WE BUILD RELATIONSHIPS FOR LIFE.

SOLUTIONS

ONE STOP CONTRACTING

The resources that Engelberth Construction brings to the table is endless. With over 230 personnel, 60 of whom have been trained in specialized services, we can virtually self perform any contracting task. The convenience of one stop contracting has never been easier, and you can rest assured that your work is being performed by qualified personnel with years of experience. Engelberth's commitment to employee training and satisfaction has enabled us to retain and build upon our labor forces with some of the very best in the industry, including licensed plumbers, welders and certified carpenters.

Services that we perform on a daily basis include:

- Carpentry
- Plumbing
- Equipment Rigging/Installation
- Welding
- Concrete
- Specialty Flooring Systems
- Core Drilling
- Tool Moves
- Shoring
- Walls/Ceilings
- Tunneling/Boring
- Excavation
- Sitework
- Steel Work/Fabrication
- Rack Systems
- Masonry
- Clean Room Work
- General Maintenance
- Office Moves

(This is only a sampling of our services.)

PROVIDING YOU WITH SOLUTIONS

Lost time typically means lost production, revenue and profit. When you need your facility up and running, you want it done right the first time. From foundation to full production, to ongoing systems maintenance and full shut down maintenance, Engelberth Construction has the resources and experience to minimize your down time. We're here to listen, analyze your situation, and to provide you with solutions on how to best achieve your production and facility goals. From initial plans to full speed production, you can count on Engelberth Construction every step of the way.

- Franklin Foods
- Dartmouth-Hitchcock Medical Center
- Stryker Corporation
- AstenJohnson
- Ben & Jerry's
- Rutland Regional Medical Center
- Saputo Cheese
- Via Cheese

DON'T TAKE OUR WORD FOR IT, TAKE OUR CLIENTS'

A significant measure of the quality of our work is the long and diversified list of clients that we've served. A far better measure, though, is the list of clients who are repeat customers (80% to be exact) because they can speak directly to the values and commitment we bring to the table.

"The work ethic of your team is truly unique. Their commitment to excellence, professional manner, and thoughtfulness in looking at the 'big picture', as well as their sense of humor is extraordinary. Working with your company is a wow! You truly deliver the entire package and more."

Mary Nemeth
VP, Rutland Regional Medical Center

SAFETY

Engelberth Construction's management team and its employees recognize the need and responsibility for safety. Expectations and results are based on a full and uncompromising commitment from every single employee to provide a safe and healthy working environment.

We believe that all damaging occurrences are preventable and that no process is so important that we can not find a safe, healthful and environmentally sound way of carrying it out. Engelberth's award winning training program provides our employees with the necessary tools and knowledge to keep you and your employees safe at all times during construction.
